

CAPRICORNIA BUDGERIGAR

SOCIETY INC.

The Secretary – CBS Inc. PO Box 5451 CQMC Rockhampton Queensland 4701

August 2020

Dear Member,

As of the start of July our club was able to start functioning as our club should be able to function all be it with a few provisions to adhere to, such as having a covid safe plan for our meetings and shows. Because Queenslanders have been doing the right thing so far and some restrictions have been eased it is hoped this continues and we see further restrictions eased, enabling us to make a full return to the hobby as we knew it.

The Department of Agriculture, Water and Environment of the Commonwealth Government have released their Animal Biosecurity Advice 2020-A04 Release of Draft Psittacine Review at <u>agriculture.gov.au/biosecurity/risk-analysis/memos/ba2020-a04</u>. More information about this can be obtained about the risk analysis on the departments web-site. You can go on there and make a submission on the importation of Budgerigars.

We held our July general meeting together with our Lawn Show in the new bird pavilion at the Mount Larcom Showgrounds It would have been nice to see more of our members attend but due to the short notice of permission to be able to hold these events and no doubt members wariness of attending such gatherings, the numbers attending was quite reasonable. The new pavilion is very nice and is a great asset. The results of the Lawn Show are included in this newsletter along with an article on Budgerigar nutrition and the Breeders Show schedule.

The BSSA hosted another two virtual aviary visits during July. Two of this country's top breeders in Garry Gazzard and Peter Thurn, if you missed them go to the BSSA web-site and log onto their you tube videos, they are quite informative. Next up is the McGoverns of the UK on the 4th August.

Cheers, Russell Ogden (Newsletter Editor, CBS Inc.) <u>ogdenrc@bigpond.com</u>

MEMBERS INFORMATION PAGE

- Committee Members: Confirmed at AGM
- •

President:	Tom Bartlem	0457 255 639
Vice-President:	Darryl Fisher	07 4926 2489
Treasurer:	Scott Eriksen	0419 776 837
Secretary:	Scott Eriksen	0419 776 837
Member:	John Guinane	0401 250 326

- EMAIL Addresses: To allow for more efficient distribution of newsletters and other Club information, please forward a test email or your email address to <u>ogdenrc@bigpond.com</u>**Thanks to all those who have forwarded these details previously.**
- **SHOW & WIN**.!!!!!! Starting at our 2020 Breeders Show, you will become eligible to win a \$200 Credit at our Annual Auction by showing at the 3 Major Shows (Breeders 2019, Annual 2020, Young Bird Show 2020). You will receive one ticket for showing 1 to 10 birds, 2 tickets for 11 to 20 entries, etc. After the Young Bird Selection Show in 2020, the winner will be drawn. The more you show, the better chance you have to win. It is only open to CBS Inc members. You must show at all 3 shows unless you are judging the show or are genuinely ill or have a family emergency. The aim of this incentive is to encourage members to show consistently at all 3 shows. If you have missed out for this year, you can still be in it next year.
- Services Section: The Club Shirt is now being worn by many members. If you want to purchase one, contact Qing Wu 0455 237 367 Qing will also have a supply of 2020 rings, (60 cents each and sold in lots of 25, postage is extra \$5.00) and show cages and cage fronts if anyone needs some.
- Future CBS Variety of the Year are as follows: 2020 :- Australian White Caps 2021:- Lutino and 2022 :- Normal Green. These are judged at the Annual Show each year

Nutrition by Mike Rankin

As part of my summer feeding program I would go out into the fields and pick Johnson grass tops for my budgies. Johnson grass seed are very similar to canary seed and relished by budgies. I would put whole bunches in each flight. I couldn't help but notice all the aphids on the seeding heads. I also noticed the budgies would consume the aphids like candy. This made me realize that animal protein is required to fulfill the need for complete protein in a budgie diet.

So I thought I should add a good source of animal protein to my regular feeding program. Many pellets advertise a complete diet for hook bills. I assumed that they knew what the requirements were for a small hook bill the size of a budgie. I started my research. I went to the usual sources - the internet and my college buddies. After a couple of weeks of research I

was no more knowledgeable than when I started. No one seemed to know what the dietary requirements were for any hook bill - let alone a budgie. Some dietary plans were based on the diet of the wild species; others were based on extensive poultry studies. I talked my predicament over with several college research people. We could try and find some company to fund a study on the needs of parakeets. This would take several years and was unlikely to be a priority for feed dealers. The only way to get an approximation of the dietary needs of a budgie was to analyze the budgie itself. If we could ascertain what components it took to grow a budgie, we would be close to the needs. So that is what we did. We had to look at this from several dimensions. What did it take to build this body structure and what did it take to maintain the body once established. How did you allow for a breeding budgie verses a show budgie verses a resting budgie. We finally settled on a normal budgie living in a flight. In times of high demand and stress situations the budgie would simply consume more of the diet to meet the needs of the occasion. Based on that premise, we started to break down the budgie as to feather, flesh and bone. From there we calculated the need of each element. I know I am simplifying the process for this article, but the process finally yielded a chart of the basic needs of a budgie. (Attachment 1)

Now that I knew the requirements, how was I going to meet those needs on a daily basis? I had to make that dietary plan a manageable one for my daily routine. I looked at powder and potions of every sort. I finally settled on a pellet that I could add to my treat seed. This would be the least disruptive to my birds and my routine. Now all I had to do was find a pellet that met my needs.

I started my research again. It was difficult to understand what was actually in a given pellet. The names of the ingredients were very foreign to my experience. After going through dozens of pellet ingredient lists and correlating the ingredients to the requirements, I started to realize that most pellets were just grain. Some of the pellets had additional vitamins and minerals but not to the levels I needed. Pellets were corn or wheat or soy based. Corn is the most popular because it mills up so nicely and takes color so well. I call this class of pellets "people pellets" because they are made to sell. Wheat is the next class but the starch content was an issue for me. As I already feed fresh corn and soaked wheat this did not advance my cause. So soy was my base of choice.

I started reviewing my options based on the information I had. It came down to two pellets: one had most of the ingredients I needed and the other had the ingredients missing from the first. So I was stuck with two pellets if I wanted to meet all the needs.

Calf Manna

My next problem was how I was going to get my budgies to eat this stuff. It was as foreign as people eating flavored cardboard. So the experimentation started. The older budgies would have nothing to do with the pellets other than to play with them. The younger budgies liked to play with them. When a pellet got broken into pieces, then they would sample them. One of the pellets has an anise flavor, so any time there were small pieces the budgie would consume those pieces. With this realization, I set about producing crumbles from the pellets. I set up my old coffee grinder. This is a grinder you would find in an old grocery store used to grind coffee beans fresh at the sale counter. The grinder processes the pellets into a crumble about the size of a grain of rice. The young budgies loved it. The older budgies at least sorted through it. After several years, all of my budgies readily eat the crumbles. Part of the success was the fact that the chicks grew up with the crumbles and recognize it as a food source.

What started out as a simple plan to add quality protein to my feeding program became a major effort. If you are going to breed high quality budgies this is what it takes. Anything less and you become an also ran.

Capricornia Budgerigar Society Inc.

52nd Annual Show.

Saturday, 26th September 2020.

1		
	8	
4		
		FEE.

Venue:	NORTH ROCKHAMPTON HIGH SCHOOL Performing Arts Centre, Simpson Street, North R'ton.			
Judge:	Mr Ian Schneider (National Judge)			
Chief Steward:	John Guinane			
Show Secretary:	Russell Ogden			
Entries:	All entries must be on CBS approved entry forms (provided)			
	Entries need exhibitors to use the class numbers as per the schedule in this newsletter.			
Entry Fee:	50 cents per bird.			
Entries Close:	Monday, 21 September at 9:00pm. Late entries will not be accepted.			
Benching:	by 8-45 am			
Judging:	9-00 am			

All persons responsible for winning exhibits must be present for checking of rings on completion of judging or exhibits will be disqualified.

<u>Presentation of Trophies</u> : Approximately 30 minutes after completion of judging.

<u>Release of birds</u> to follow presentation. The Chief Steward will advise time.

All birds entered must be Owner-bred.

- Proof of ownership must be produced for all winning exhibits, CBS rings excluded.
- Show cages to contain a standard seed mix. Drinkers must be in show cages.
- Cage stickers to be adhered on the RIGHT hand side of cage.
- It is the Exhibitor's responsibility to ensure all of their birds are nominated in the correct classes and mark cages accordingly.
- Club show rules must be strictly adhered to.

CAPRICORNIA BUDGERIGAR SOCIETY INC.BREEDERS SHOW AWARDS LIST

Grand Champion of Show.	Jack Martin Trophy, plus \$25.00 Cash Prize.
Ch. Opposite Sex of Show.	O'Callaghan Family Trophy.
Ch. Young Bird of Show	Mitton Family Trophy.
Ch. Beginner Bird of Show.	CBS Trophy.
Ch. Nestfeather of Show.	CBS Trophy
Best Team of 3, must be all same Sex.	\$10.00 cash prize.

BIRD OF YEAR: Winning Birds from Shows in past 12 months.

Bird of the Year .	Trophy
Bird of the Year-Beginner.	Trophy
OPEN CLASS.	
Ch. Any Age Cock	\$15.00 cash prize
Ch. Any Age Hen	\$15.00 cash prize
Ch. Young Cock	\$15.00 cash prize
Ch. Young Hen	\$15.00 cash prize
Ch. Nestfeather	\$15.00 cash prize
Ch. Any Age Cock (Reserve)	\$10.00 cash prize
Ch. Any Age Hen (Reserve)	\$10.00 cash prize
Ch. Young Cock (Reserve)	\$10.00 cash prize
Ch. Young Hen (Reserve)	\$10.00 cash prize
Ch. Nestfeather (Reserve)	\$10.00 cash prize
BEGINNER CLASS.	
Ch. Any Age Cock	\$15.00 cash prize
Ch. Any Age Hen	\$15.00 cash prize
Ch. Young Cock	\$15.00 cash prize
Ch. Young Hen	\$15.00 cash prize
Ch. Nestfeather	\$15.00 cash prize
Ch. Any Age Cock (Reserve)	\$10.00 cash prize.
